PROFILE

I bring a dedicated professional background in Social Services, complemented by my achievement as a Full Stack Bootcamp graduate from the University of Toronto. My unwavering passion for creating positive change has driven me to facilitate access to essential resources and foster inclusive communities. With a blend of technical proficiency and an empathetic approach, I specialize in crafting innovative solutions for real-world challenges. Thriving in dynamic problem-solving environments, I am enthusiastic about contributing to projects that unite technology and social impact. Let's connect and work together towards a brighter future!
